Curriculum Projects:

- **Expense Manager (Third Year) :**

- **Functionality:** In Expense manager mini project typically aims to develop a system that helps users track and manage their expenses and income efficiently. The objective of the Expense Manager project is to centralize expense related information, including expenditures, budgets, and financial reports. It serves as a web-based solution for individuals and organizations to track expenses seamlessly. In the expense manager project, we add a specific function, which is how to boost our income. In that, we describe the many ways to boost income.
- **BulletPoints :**
 - User Registration: Secure sign-up process for new users.
 - Expense Input: Interface for entering and categorizing expenses.
 - Income Tracking: Functionality to record various sources of income.
 - Budget Setting: Tools to set financial goals and limits.
- **Technology:** Html, Css, JavaScript, , jsp ,Database etc.

- **Online Jewellery Shop (Second Year) :**

- **Functionality:** In an online jewelry shopping project, we create websites for specific shops like Tanishq, PNG, etc. On the home page, we describe the shop and product categories like rings, pendants, earrings, bracelets, etc. The latest item showcased on the home page. We can also buy products from their , we just have to add the product to the cart, and then the buying process starts. If you have any questions or any problems in the buying process, then you should contact customer care. For that reason, we added a Contact Us page in our project.
- **BulletPoints:**
 - Admin Panel
 - User Login, Registration Panel
 - Cart Panel
 - Query Panel
- **Technology:** Html, Css, JavaScript, Database etc.

- **Online Hospital Management (First Year) :**

- **Functionality:** It Just a Frontend web-Pages and static web pages.
- **BulletPoints:**
 - Contact Us Panel
 - Patient Login, Registration Panel
 - Doctor Panel
 - Hospital Information Panel
- **Technology:** Html, Css etc.

Carrier Perspective:

To achieve a good position in the company in a few years.
